### **REASONS FOR ALLOWANCE**

Applicant's remarks of 10/23/06 are persuasive. The prior art, including Sims et al, does not disclose an insect screen in a fenestration unit that has elements within the diameter range recited and that form openings within the dimension range recited, combinations of which yield a reflectance of light of 0.04 or less.

Above is a corrected examiner's statement of reasons for allowance that replaces the previous reasons for allowance. The previous reasons for allowance used the value "0.004", which was incorrect. The correct value is "0.04". This constitutes the only change in the previous reasons for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Blair M. Johnson whose telephone number is (571) 272-6830. The examiner can normally be reached on Mon.-Fri., 6:30-3:00.
